

Faisal Fawaz Al-Zahrani UX/UI Designer Intern

UX-focused Software Engineering student with hands-on experience in user flow optimization and dashboard design.

Phone: +966507577636 | **Email:** faisalas12345678@gmail.com | **LinkedIn:** [Faisal Al-Zahrani](#)

OBJECTIVE

Software Engineering student at Umm Al-Qura University specializing in **Human-Computer Interaction**, seeking a UX/UI internship to apply user-centered design, prototyping, and usability principles in real-world applications.

EDUCATION

Umm Al-Qura University

Bachelor of Software Engineering

Specialization: Human Computer Interaction, with current **GPA** 3.09 / 4.00

Expected Graduation: 2027 Apr

PROJECTS

ToYou Graduation Project (**Ongoing**) | 15 Feb 2026 – Present

- Conducted UX research using surveys (60 participants) and competitor analysis.
- Performed usability testing with 5 participants and analyzed task performance.
- Designed low-fidelity wireframes and iterative design solutions using Figma.

Banking App UX Case Study | 29 Nov – 18 Dec 2025

- Applied heuristic evaluation and user flow analysis to identify usability issues and redesign the beneficiary addition process by reducing steps from 7 to 5. (**–28%**)
- Created wireframes and interactive prototypes using Figma.
- [View Project](#)

Multi-Persona Dashboard Design (Power BI) | 28 Nov – 15 Dec 2025

- Designed dashboards for CEO, Manager, and Analyst roles.
 - Reduced information overload and improved dashboard readability for decision-makers.
 - [Interactive Dashboard](#)
-
